

Teresa Neudecker

I have been a member of St. Michael's and All Angels since 2015. From the first time I attended services here I was immediately at home - our SMAA community is so welcoming, vibrant, caring and such an example of lovingly responding to the call to be Christ's love in our world.

I have been honored to serve our SMAA community on the Vestry for the last two years and am honored to be nominated to serve as a Diocesan delegate.

If elected, I look forward to representing the wonderful spirit of St. Michael's at the diocesan level, and working to strengthen our relationships with the parishes and communities of our diocese as we accomplish the work of the diocese.

I am thankful for the inspiration and example you all give.
